

BRIMBANK FACT FILE

- Least aquatic facilities in Victoria (only 15 minutes from the CBD!)
- Highest Youth Population
- Highest level of Obesity in Victoria
- Lowest life expectancy in Victoria
- State Government takes \$30 million per year out of Brimbank in Pokie Tax
- Brimbank Council has made \$4 million surplus each year for the past 4 years
- Why is the government ignoring the West?
- What has happened to local leadership?

POOLS IN MELBOURNE - 2006

Yellow dot is Sunshine

WWW.SAVESUNSHINEPOOL.COM

Brimbank has the least aquatic facilities per head in Victoria and one of the highest youth populations but the Brimbank Council and State Government have issued themselves a permit to demolish three outdoor pools!

The three outdoor pools are to be replaced by a small, shallow, three foot deep indoor pool.(0.9m)

Council also approved a document that says no more pools will even be considered for Sunshine for at least another five years...

Unless this situation is changed Sunshine youth, schools and families will be without what everyone else has for up to 20-25 years!
